We strongly recommend using all of the following equipment: (1) an undamaged DOT-approved full face helmet is required; (2) one or two piece full zip-together leather or textile style riding suit; (3) leather gloves with full wrist coverage; (4) riding boots that fully cover the ankle; and (5) a back protector is highly recommended for the Wheelie Course. Track Drill, Specific Rules

Riding on a race track: When you following the Superbike-Coach Coach/Instructor on a race track, you always have to decide by yourself if you can go the pace or not. The Coach/Instructor has no chance to give you instructions while you are following. You confirm you have been advised that you never try to keep up. Drop back instead, and your Coach will catch up with you again. If you go ahead of your Coach/Instructor on a race track- it is you who give the pace. Your coach does not have control over situations you may run into.
